GENESEAN

With the tendency of society to grow in likeness, the hardships of becoming an individual increase. It is our hope that you have found the kind of help here that will point toward the development of the individual who maintains the rights of each to speak, to worship, and to work freely. The freedoms we share did not come cheaply. To preserve them may require your complete dedication. In your search for a more perfect individual, may you find personal happiness.

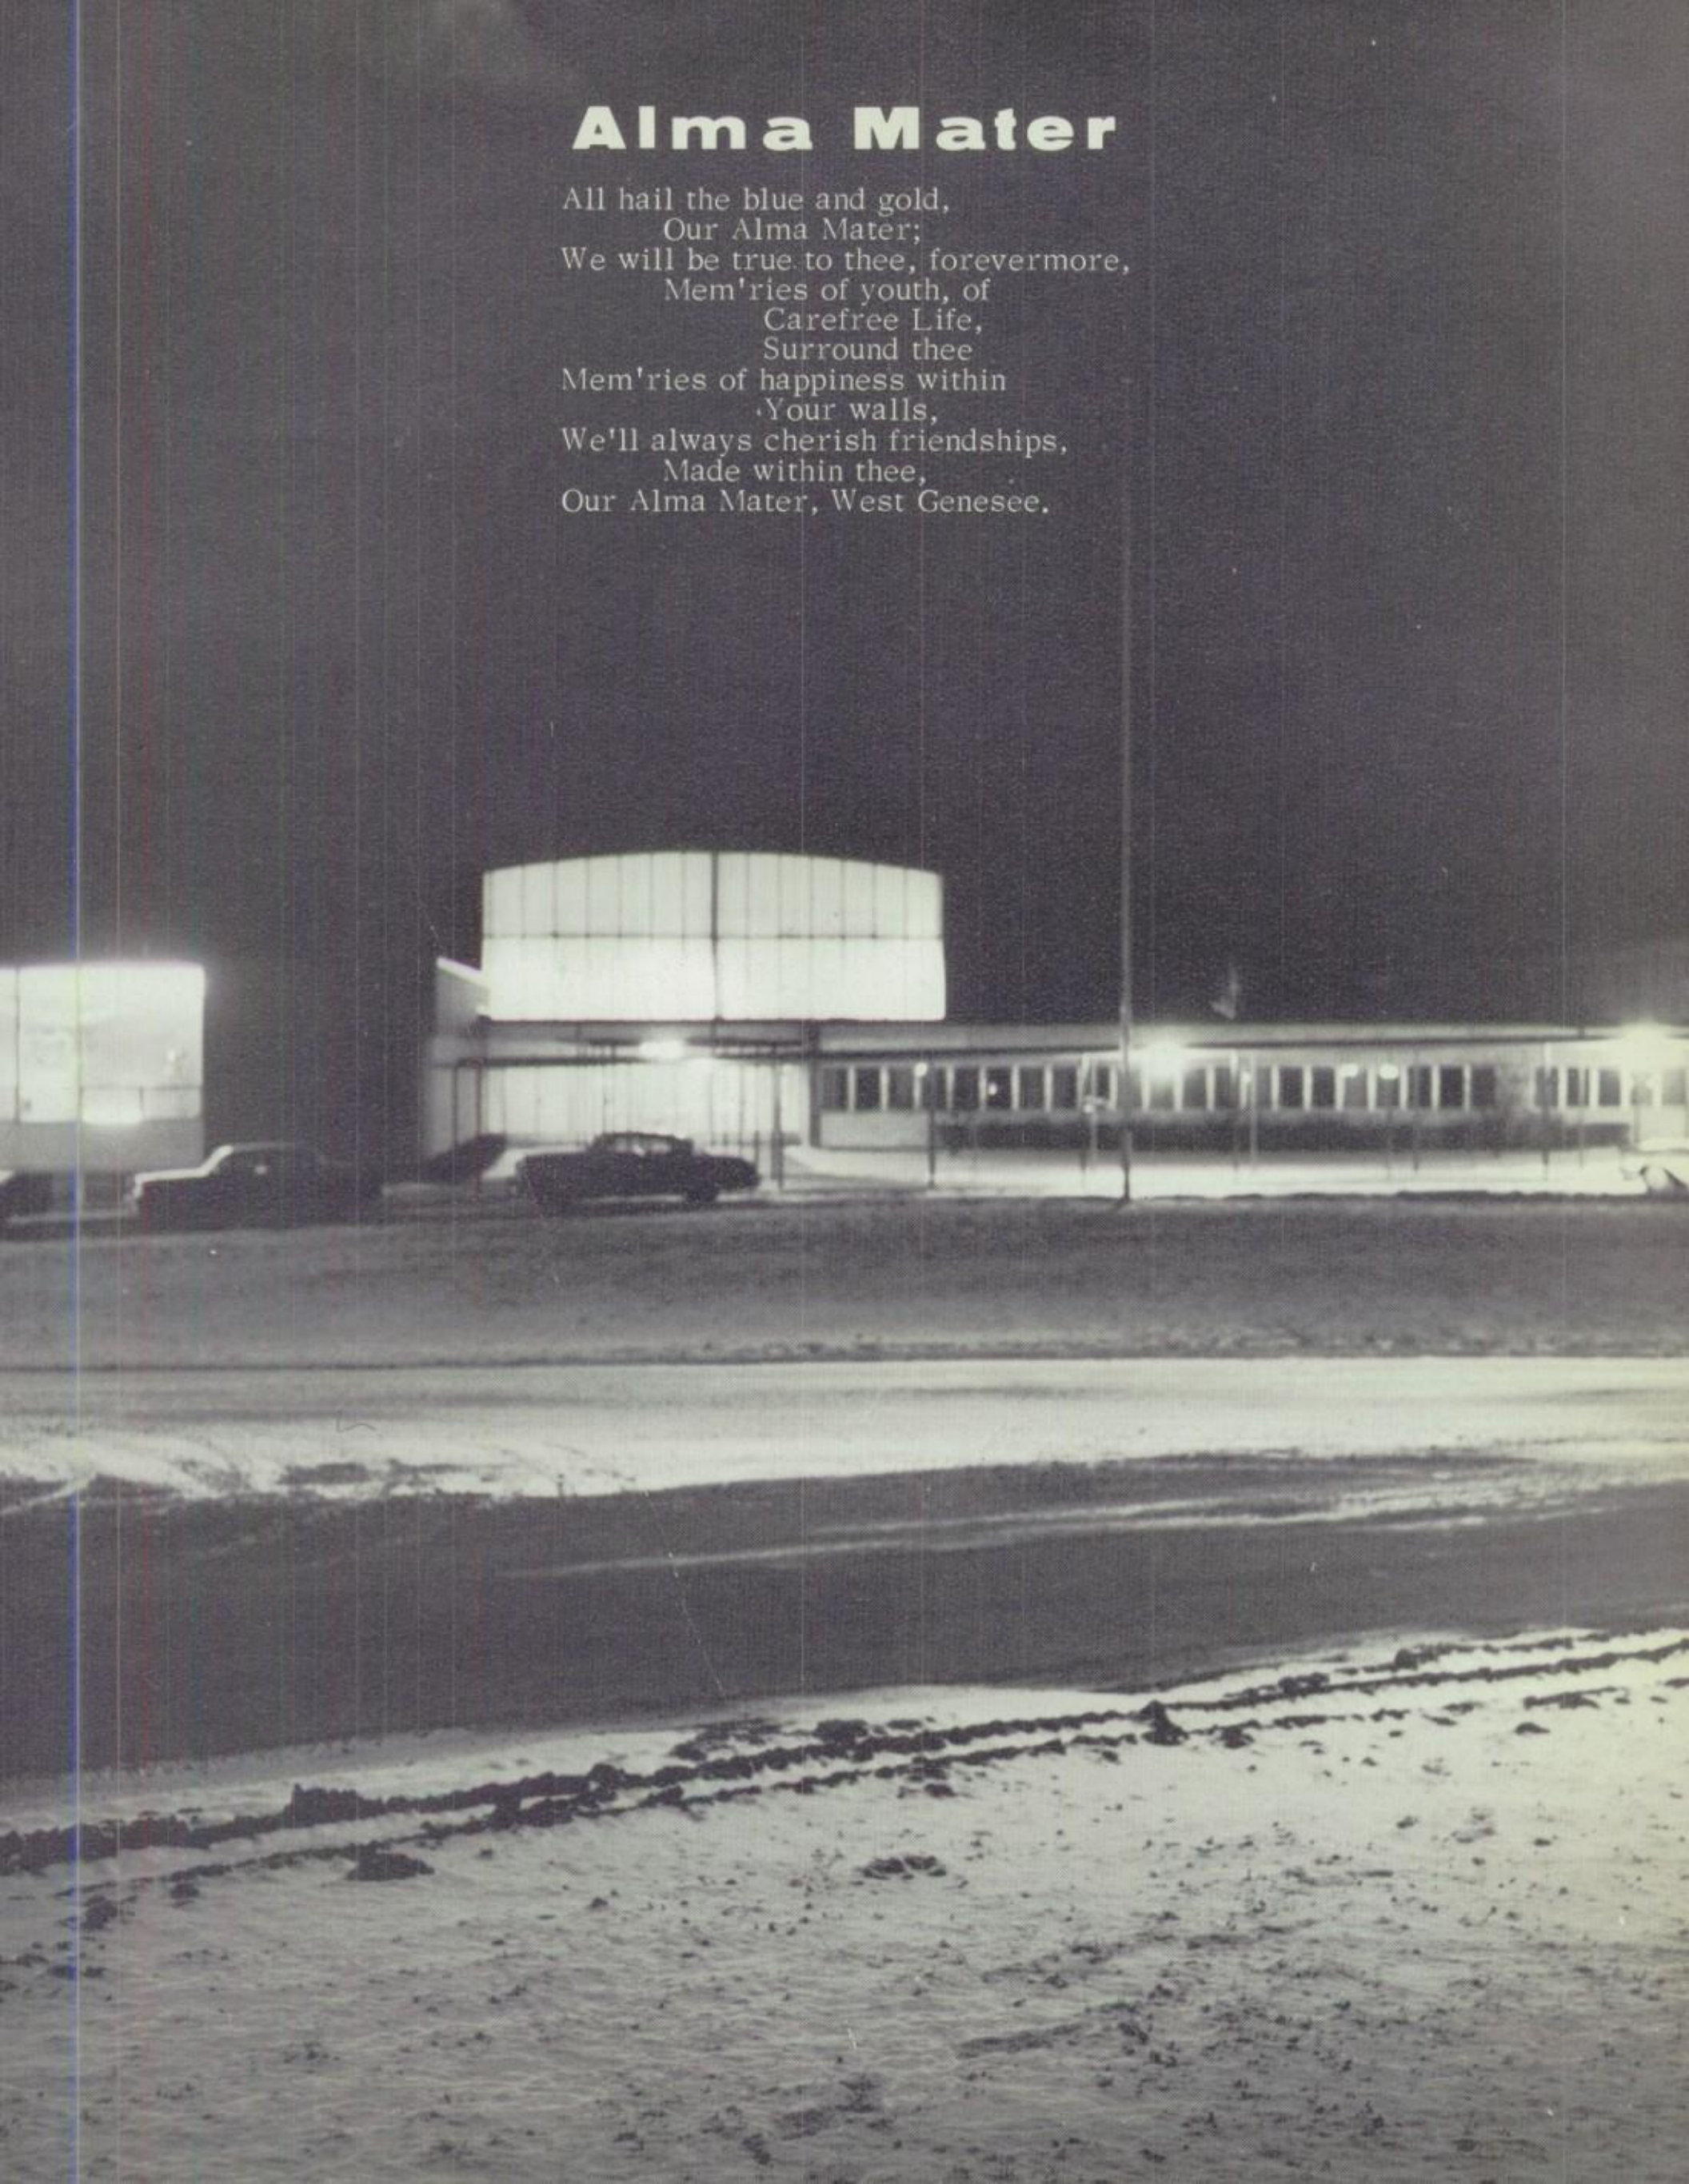
Alma Mater

All hail the blue and gold,
Our Alma Mater;
We will be true to thee, forevermore,
Mem'ries of youth, of
Carefree Life,
Surround thee
Mem'ries of happiness within
Your walls,
We'll always cherish friendships,
Made within thee,
Our Alma Mater, West Genesee.



DEDICATION

Gladys M. Oliver, Chairman of the Mathematics Department, leaves the West Genesee School District to seek retirement.

It was Mr. George MacLaughlin, then principal of the Camillus school, and later principal of the West Genesee High School, who was responsible for the hiring of Mrs. Oliver as a teacher of mathematics upon her graduation from Albany State Teachers' College.

Here a career, spanning a lifetime and dedicated to service, had its beginning and here it comes to a close.

Legion are the boys and girls whose lives have been touched by this dedicated teacher. Quietly she has worked that each might know the deep satisfaction that comes from accomplishment, and in the transferring of this knowledge she has implanted within each the desire to work with her, for her, and because of her; principles which will serve each in his search for a full life. Strong has been her hand, determined has been her goal, constant has been her devotion, steadfast has been her purpose.

And so, she has engendered in the heart of each boy and each girl, gratitude - in the eyes of each fellow teacher, respect - and in the mind of each administrator, deep appreciation.

Surely then, Mrs. Oliver takes with her a feeling of fulfillment, knowing that in giving, one receives, and in teaching, one is taught.

Message to Seniors

TO THE CLASS OF 1966:

The cohesive force that runs through all educational programs has two main components: the advancement of knowledge and of young men and women. Investigation and the pursuit of truth, combined with efforts to enlarge and strengthen the power of thought in the individual, are our commitments to you, the Senior Class of West Genesee Senior High School.

It is our hope that by means of thorough teaching and worthwhile activities we have generated currents of thought and understanding that will help to alleviate your life and benefit mankind.

Today, your world is in a state of confused alarms and many armies clashing by night. But there are sources of hope and schools such as ours are one of these sources. They are the producers of that force intellect and that light of understanding on which largely rest men's hopes for peace and progress.

May you continue in your pursuit of knowledge and may the world be a little better place to live because of what you have contributed.

The American Field Service is a program which fosters brotherhood and understanding by allowing students to come to America and by sending our students to a foreign country to study and live. In this way, each one can learn a little more about the country and the people thereby helping to promote international understanding and cooperation. Our foreign student this year is Elisabeth Shortridge from Australia who though she may be a little homesick, enjoys America, its people and its customs. We, the Yearbook Staff, hope that she will continue to enjoy her stay here and may return in the future to her "second home."

Regents Scholarship

CONGRATULATIONS

Six students have been selected to represent our school in the model U.N. at Auburn Community College. Bruce Fulton is the head of our school's delegation which represents Japan. Besides Bruce, the other members of the delegation are Sharon Manitta, Faye Dudden, Tom Kulick Wally Brown, and Tom Philipp.

Sometime in March, the delegation will travel to Auburn where, under the leadership of Lord Karadon, the permanent representative from Great Britain to the U.N., they will discuss U.N. policies and vote as Japan would on these issues. Afterwards, a grand ball will be held to honor Lord Karadon. The newspaper staff would like to take this opportunity to congratulate these students on their achievement.

Sky - Blue Pink

Why is the sky blue?

Answer if you can.

A child asks in wonder,

Why is the sky so blue?

Is it the reflection

Of the sky upon the sea?

Answer, please, oh, answer!

Why won't you answer me?

Did someone take a paint brush

And paint it sky-blue-pink?

Answer, please, oh, answer,

And tell me what you think!

STUDENT COUNCIL

Student Council, under the leadership of Jim Miller, has been active trying to carry out suggestions made by the student body. Activities this year have included the Carol Faust Fund which was a tremendous success. They have tried to increase school spirit by urging all to support the student activities such as dances and football and basketball games. Their advisor is Mr. Goetcheus.

"Happy," and she really looks it.

New York's Governor Nelson Rockefeller talking with William Walker, Assistant Director of Education for the Crusade For Opportunity.

On November 29, 1965, New York's Governor Nelson A. Rockefeller met with educational leaders from upstate New York in the lecture hall of West Genesee Senior High School. Problems were discussed that would lead toward new legislation for educational improvements.

HONORS TO JOHN NEWBY

In April, 1964, at the Central New York Science Congress, John, a Sophomore, received the Third Place Award in Biology. In 1965, he returned to place first in Biology. He also received a regional award in the Ford Foundation-Future Scientists of America-Research Competition.

In 1966, John was named one of the top 300 High School Science Seniors in the National Competition of the Westinghouse Science Talent Search.

ELISABETH
SHORTRIDGE

Elisabeth Shortridge, A.F.S. Student from Sydney, Australia

I am fortunate enough to be an American Field Service scholar, and am greatly enjoying my year at West Genesee. Surely this is the most thrilling thing that could happen to anybody, to spend a year in a foreign country, as a student representative of one's own land.

I arrived here in August, 1965, not knowing a soul; and now thanks to the warmheartedness of this community, and West Genesee in particular, I feel as if I really belong here.

My American host families, the D. Mitchells and the V. Nymans, have been terrific. I am most grateful to them for all the good times, and for the insight they have given me into the American way of life.

It is going to be hard to leave in June, but I shall come back and visit everyone sometime.

Thank you all for your friendship, I shall never forget my year at West Genesee.

THOMPSON'S CARPET CITY

BROADLOOM & RUG

SPECIALISTS

I REALLY DO NOT HAVE A LOT OF CONFIDENCE IN YEARBOOK ADVERTISING REACHING ANY IMMEDIATE CARPET BUYERS, BUT I DO REMEMBER THAT, WAY BACK IN THE DARK AGES (1933 THAT IS), THE FACULTY ADVISORS THOUGHT THAT, AS PRESIDENT OF MY CLASS AND A FOOTBALL, BASKETBALL, AND TRACK MAN, I SHOULD ALSO SELL SOME YEARBOOK ADS.....YOU YOUNG FOLKS WON'T RECALL THAT 1933 WAS IN THE DEPTHS OF THE GREAT DEPRESSION (ASK YOUR PARENTS ABOUT IT) AND SELLING ANYTHING WAS LIKE PULLING TEETH....SO SOMEHOW THERE'S A SOFT SPOT FOR YOU GUYS AND GALS THAT ARE DOING IT TODAY.

JUST REMEMBER CARPET CITY WHEN YOU REACH THE STAGE WHERE CARPET BECOMES IMPORTANT TOO.....(MAKE COLLEGE YOUR TOP THOUGHT NOW!)
